Drug Development Seminar Series
Delivered by Scientists & Experts from Boehringer Ingelheim

Date: Jan. 9 – Feb. 27
Time: Tuesdays 2 – 4 pm
Join here: Bl’s Drug Development Seminar Series

REGISTER via email

Are you interested in learning about patient-centric drug development? This is a rare opportunity to hear from Boehringer Ingelheim experts on how your research in labs is translated into therapeutic drugs by pharma R&D. Learn how your education and research can play a pivotal role in developing life-changing medicines to serve patients in need.

Sponsored by
Northeastern University Center for Research Innovation
